Summary

I have a clear, logical mind with a drive to see things through to completion. I am a highly competent IT professional with a proven track record in designing and developing websites and a strong passion for learning new technologies.

Work Experience

Intern

Triple Tech Soft

- Analyzed web development.
- Prepared report on the above information and reported the insights.

Jun 2026 — Jun 2026

Intern

Steel Plant · Salem

- Learned basic MySQL and SQL queries, database management, data storage, and retrieval.
- Gained knowledge of IT applications in industries.

Education

M.Sc.

Periyar University, Salem, Computer Science

B.Sc., 2024

Vivekananda Arts and Science College for Women, Sankari, Computer Science · 75%

Projects

Mental Health and Stress Detection using Facial Expression

This project uses a camera and machine learning to detect facial expressions. The FER-2013 dataset helps identify emotions such as happiness, sadness, anger, and fear. The system indicates possible stress-related emotions and helps users understand their emotional well-being.

- Technologies Used: Python, OpenCV, Machine Learning, FER-2013 Dataset, Camera.
